

## Important Notice to all PPIP Members Best Doctors Premiums Taxable

---

Recently Best Doctors restructured the delivery of their services and contract assignment from Best Doctors Inc. to Best Doctors Canada Inc. As a result a lengthy and rigorous review was conducted with their Canadian legal and tax advisers and it was determined that under the new entity structure, they were required to collect and remit GST/HST for their benefit.

Therefore with this notice please be advised that your Best Doctor's coverage will be adjusted automatically to include the applicable tax based upon your province of residence (*please see table below*). This adjustment will be made and reflected in your August 1, 2012 electronic fund transfer.

Should you have any questions, please do not hesitate to contact our office.
